L-CARNITINE

L-carnitine is a chemical that is made in the human brain, liver, and kidneys. It helps the body turn fat into energy.

ALPHA LIPOIC ACID

Alpha-lipoic acid is an organic compound with antioxidant properties. It may benefit diabetes, skin aging, memory, heart health, and weight loss.

WHITE WILLOW BARK (Enhancement Ingredient)

White willow bark enhances the activity of the other ingredients and increases body metabolism that promotes weight loss.

GUARANA EXTRACT

Guarana is commonly touted for its ability to reduce fatigue, boost energy, and aid learning and memory.

SIBERIAN GINSENG

Siberian ginseng was traditionally used to prevent colds and flu and to increase energy, longevity, and vitality.

D-ASPARTIC ACID

Helps to fuel your endogenous production of Testosterone in both males and females. Taking D-Aspartic Acid has also been liked to improved mental health

GREEN TEA EXTRACT

Green tea is particularly beneficial for reducing harmful abdominal fat that is linked to an increased risk of several diseases, including type 2 diabetes and heart disease. Studies have shown that green tea extract or catechin supplements can help you lose belly fat.

JUNIPER BERRIES

Juniper berries or extract of the plant have traditionally been used as a diuretic, anti-arthritis, anti-diabetes, antiseptic as well as for the treatment of gastrointestinal and autoimmune disorders.
